## FOREWORD

The Public Finance Management (PFM) Act, 2012 and its Regulations gives the legal framework in which this 2023 County Budget Review and Outlook Paper (CBROP) was prepared. In the document, an overview of how the actual performance of the FY 2022/23 affected compliance in the fiscal responsibility principles and the financial objectives outlined in the PFM Act, 2012 is highlighted. In addition, the document provides the macro-economic projections and set sector ceilings for the FY 2023/24 and the Medium-Term Budget.

The 2023 CBROP will form the basis for the development of the 2024 County Fiscal Strategy Paper (CFSP) that will detail the various programmes, projects and initiatives to be undertaken during the second year of the Third County Integrated Development Plan (CIDP 2023-2027) and Fourth Medium Term Plan of Vision 2030.

The 2023 County Budget Review and Outlook Paper (CBROP) has been prepared against a backdrop of continued global uncertainties. Global growth is projected to slow down to 3.0 percent in 2023 and 2024 from 3.5 percent in 2022, reflecting the impact of the tightening of monetary policy and escalation of geopolitical tensions particularly the ongoing war in Ukraine.

On the domestic scene, Kenya's economic performance is projected to remain strong and resilient over the medium term. The economy recorded a strong growth of 5.3 and 5.4 percent in the first and second quarters of 2023 respectively and is expected to remain strong and expand by 5.5 percent in 2023 (5.6 percent in FY 2023/24) and 5.7 percent in 2024 (5.9 percent in FY 2024/25).

The County Government FY 2022/23 allocation amounted to Kshs.s. 14.82 billion. As at 30th June 2023 total of Kshs.s. 13.67 billion was received by the County, comprising of Equitable Share Kshs.s. 11.5 billion, additional conditional allocation of Kshs.s. 707.06 million as grants from both the National Government and development partners and Kshs.1.15 million own source revenue. The total revenue of Kshs.13.67 billion received was against a revised target of Kshs. 14.82 billion thus recording a shortfall of Kshs. 1.15 billion.

The implementation of the FY2022/23 budget marked the transition from the previous Administration to the current one. The first half of the FY 2022/23 was marked by slow implementation of programmes and projects due to inadequate revenue resources as the new Government settled in office. Additionally, fiscal performance was affected by the general slowdown of economic activities occasioned by the adverse impact of shocks that hit the country. In the FY 2022/23, the Government inherited pending bills totalling to Kshs.3.5 billion. Given the realities, the Government embarked on reprioritization and cost-cutting measures

to ensure smooth implementation of priority programmes and payment of eligible pending bills for the remainder of the financial year.

The revised FY 2022/23 Supplementary II total County budget was Kshs.s. 14.82 billion that comprising of Kshs.s. 4.44 billion (30 per cent) for development expenditure and Kshs.s. 10.37 billion (70 per cent) for recurrent expenditure. The total revenue received including external grants was Kshs. 13.67 billion against a revised target of Kshs. 14.82 billion recording a shortfall of Kshs. 1.15 billion.

The County generated a total of Kshs.s.1.15 billion as own-source revenue, which was 85.8 per cent of the annual target of Kshs.s. 1.34 billion. This amount represented an increase of 17.5 per cent compared to Kshs.s. 983.29 million realized during a similar period in FY 2021/22. However, the performance fell short of the target largely due to the uncertainty in the operating environment related to the general elections and the negative impact of the geo-politics that led to global economic slowdown and supply chain disruptions.

The implementation of FY 2023/24 budget has started in earnest. While the Government has limited fiscal space, spending units have been directed to ensure smooth implementation of planned programmes during the remainder of the financial year without accumulating any pending bills.

In the FY 2024/25 budget, all the spending units are expected to lay emphasis on the priority programmes that are in the CIDP III and in line with the National Government Bottom-Up Economic Transformation Agenda (BETA) of the MTP IV. These include increasing investments in Agricultural Transformation and Inclusive Growth; Micro, Small and Medium Enterprise (MSME); Housing and Settlement; Healthcare; and Digital Superhighway and Creative Industry.

Considering the tight resource envelope that is available for FY 2024/25 budget, all the Sector Working Groups are required to carefully scrutinize all proposed CDAs budgets and ensure strict adherence to proposed sector ceilings provided in this document. Emphasis should be on completing ongoing projects before starting new ones.

In this regard, I therefore call upon all to adhere to the sector ceilings, and the strict deadlines provided in this document to facilitate the finalization and appropriation of the FY 2024/25 and the medium-term budget.

**CPA CHRISPINUS BARASA**  
**COUNTY EXECUTIVE COMMITTEE MEMBER**

# FINANCE AND ECONOMIC PLANNING

## **ACKNOWLEDGEMENT**

The preparation of the 2023 CBROP was a collaborative effort among various Government Agencies. The importance of stakeholder engagement and incorporation of the proposals received is highly emphasized.

The leadership and policy direction given by H.E. the Governor, the deputy Governor and the County Executive Committee in the preparation of this document is highly appreciated.

We thank all the County Departments and Agencies as well as other spending units for the timely provision of useful data and information on their budget execution for the FY 2022/23.

We are also grateful to the Sector Working Groups under the leadership of all the county chief officers that reviewed this document to ensure it satisfies the PFM Act, 2012.

This document also benefitted from key inputs from various Directorates within the County Treasury who set out the sector ceilings contained therein to guide the rest of the sectors in the preparation of their 2024/25 budgets.

I wish to thank the core team from the Budget and Economic Planning Directorates that coordinated the finalization of this document.

Finally, allow me to thank all stakeholders that we consulted directly and indirectly for the useful comments and inputs.

**DINAH MAKOKHA**  
**CHIEF OFFICER, ECONOMIC PLANNING**

## **LEGAL BASIS FOR THE PUBLICATION OF THE BUDGET REVIEW AND OUTLOOK PAPER**

1. The County Budget Review and Outlook Paper is prepared in accordance with section 118 (1) of the Public Finance Management Act 2012, which requires the County Treasury to prepare the County Budget Review and Outlook Paper (CBROP) in respect of the county for each financial year and specify
  - a. the details of the actual fiscal performance in the previous year compared to the budget appropriation for that year;
  - b. the updated economic and financial forecasts with sufficient information to show changes from the forecasts in the most recent County Fiscal Strategy Paper (CFSP);
  - c. Reasons for any deviation from the financial objectives in the County Fiscal Strategy Paper together with proposals to address the deviation and the time estimated for doing so.
2. The County Executive Committee (CEC) shall consider the County Budget Review and Outlook Paper with a view to approving it, with or without amendments, not later than fourteen days after its submission.
3. Not later than seven days after the C-BROP has been approved by CEC, the County Treasury shall:
  - a. Submit the paper to the County Assembly and
  - b. Publish and publicize the paper not later than fifteen days after laying the Paper before the county Assembly.

### **Fiscal Responsibility Principles in the Public Finance Management Act**

In line with the Constitution, the Public Finance Management (PFM) Act, 2012, sets out the fiscal responsibility principles to ensure prudent and transparent management of public resources. The PFM (Section 107(2)) states that:

1. Over the medium term, a minimum of 30% of the county government budget shall be allocated to development expenditure.
2. The county government's expenditure on wages and benefits for public officers shall not exceed a percentage of the county government revenue as prescribed by the regulations, in this case 35%.
3. Over the medium term, the county government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure, provided that the National Treasury guarantees the borrowings.
4. Public debt and obligations shall be maintained at a sustainable level as approved by Parliament (NG) and county assembly (CG)
5. Fiscal risks shall be managed prudently

6. A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained, taking into account any tax reforms that may be made in the future.

## EXECUTIVE SUMMARY

The 2023 CBROP has been prepared pursuant to PFM Act, 2012 and its Regulations. The document provides an overview of the county's financial performance for the FY 2022/23 including compliance with the fiscal responsibility principles and the financial objectives spelt out in the PFM Act, 2012. It also presents macroeconomic projections and the sector ceilings for the FY 2024/25 and the medium-term budget as well as information on variations from the projections outlined in the 2023 County Fiscal Strategy Paper (CFSP).

The 2023 County Budget Review and Outlook Paper (CBROP) has been prepared against a backdrop of continued global uncertainties, reflecting high but easing inflationary pressures, weak global growth outlook, heightened geopolitical tensions particularly the conflict in Ukraine, concerns about financial sector stability in advanced economies, and increased food insecurity due to climate-related shocks. Global growth is projected to slow down to 3.0 percent in 2023 and 2024 from 3.5 percent in 2022, reflecting the impact of the tightening of monetary policy and escalation of geopolitical tensions particularly the ongoing war in Ukraine.

On the domestic scene, Kenya's economic performance is projected to remain strong and resilient over the medium term. The economy recorded a strong growth of 5.3 percent in the first quarter reflecting a strong recovery in agriculture sector and buoyant services sector including financial and insurance, information and communication, wholesale and retail trade and transport and storage. The economy is expected to remain strong and expand by 5.5 percent in 2023 (5.6 percent in FY 2023/24) and 5.7 percent in 2024 (5.9 percent in FY 2024/25).

This growth will be supported by the strong recovery in agriculture and resilient services sector that both will drive the industrial sector. The adequate rainfall during the long rain season in most parts of the country and the anticipated short rains later in 2023 will continue to support activities in the agriculture, electricity, and water supply sectors. The improved availability of raw materials following the recovery in agriculture and a decline in global commodity prices will support food processing in the manufacturing sector. Additionally, activities in the construction sector will be boosted by the rollout of the affordable housing programme. Services sector will be supported by resilient activities in the financial and insurance, information and communication, wholesale and retail trade and transport and storage.

The easing of global commodity prices and supply chain constraints coupled with robust private sector investment are expected to support domestic demand. FY 2022/23 had an overall negative variance of Kshs.191.78 million on own source revenue comprising of Kshs.120.78 million on local revenue and Kshs.71.5 million on AIA despite challenges in revenue collections. In twelve months of FY 2022/23, the

County generated a total of Kshs.s.1.15 billion as own-source revenue, representing 85.8 per cent of the annual target of Kshs.s. 1.34 billion. This amount is an increase of 17.5 per cent compared to Kshs.s. 983.29 million realized during a similar period in FY 2021/22.

Additionally, the County Government commitment to contain expenditures and revenue recovery measures attributed to a fiscal space and reduced pending bills in the CDAs. The fiscal performance was broadly in line with financial objectives and fiscal responsibility principles outlined in the PFM Act, 2012 and the County Fiscal Strategy Paper 2023.

The enhanced revenue collection in FY 2022/23 provides a strong base for supporting the revenue and expenditure performance in FY 2023/24 and the medium-term budget. Implementation of FY 2023/24 has started in earnest, and we are looking forward to the smooth implementation of planned programmes during the remainder of the financial year. Towards this end, the County Government will continue to pursue its growth friendly fiscal consolidation plan that will signal debt sustainability and manageable fiscal gap.

In the FY 2024/25 budget, all the spending units are expected to lay emphasis on the priority programmes under food security, diversification and commercialization of agriculture, infrastructure development, decent and affordable housing, wider access to national, regional and global markets for our products, entrepreneurship and job creation, improved access to quality education and training, Strengthening the linkage between skills and industry, functional health system in terms of service availability, readiness and enhanced capacity to offer health services, functionality of improved water sources and sanitation, driving green growth and climate change management.

This is in line with the National Government Bottom-Up Economic Transformation Agenda (BETA) of the MTP IV which emphasizes increasing investments in Agricultural Transformation and Inclusive Growth; Micro, Small and Medium Enterprise (MSME); Housing and Settlement; Healthcare; and Digital Superhighway and Creative Industry.

Given the limited resources, the Sector Working Groups (SWGs) and County Departments and Agencies (CDAs) are therefore directed to critically review, evaluate and prioritize all budget allocations to strictly achieve the CIDP III priorities. The hard sector ceilings provided for the FY 2024/25 budget and the Medium Term will form the basis of allocations.

## I. INTRODUCTION

### Objective of the 2023 County Budget Review and Outlook Paper

1. The 2023 CBROP provides a review of the fiscal performance for the financial year 2022/23 including adherence to the objectives and principles outlined in the 2023 County Fiscal Strategy Paper (CFSP) and the PFM Act, 2012. It also provides a basis for the revision of the current budget and the financial policies underpinning the medium-term plan. The 2023 CBROP will form the basis of the development of the 2024 CFSP that will detail programmes and projects for implementation over the medium term as outlined in the Third County Integrated Development Plan (CIDP II 2023-2027).
2. In FY 2022/23, the total County budget was Kshs.s. 14.82 billion which comprised Kshs.s. 4.44 billion (31 per cent) development expenditure and Kshs.s. 10.37 billion (69 per cent) recurrent expenditure. The total revenue received including external grants was Kshs. 13.64 billion against a revised target of Kshs. 14.82 billion recording a shortfall of Kshs. 1.15 billion. Own source revenue amounted to Kshs. 1.15 billion. This was an increase from Kshs. 0.98 billion in FY 2021/22, reflecting a growth of 17 percent. However, the performance fell short of the set target due to the uncertainty in the operating environment.
3. As required by the PFM Act, 2012, the annual budget process aims to improve the efficiency and effectiveness of revenue mobilization and government spending. In this regard, this CBROP provides sector ceilings which will guide the budget preparation process for the FY 2024/25 and the medium term. The sector ceilings are based on the overall resource envelope that is informed by the medium-term macro-fiscal projections as presented in Sections III and IV of this document. Sector ceilings in this CBROP are aligned to the priorities of the county that enhance accelerating socioeconomic transformation to a more competitive, inclusive and resilient economy as outlined in the CIDP III and aligned to the MTP IV of the Vision 2030.
4. With this background, the rest of the paper is organized as follows: Section II provides a review of the fiscal performance for the FY 2022/23 and its implications on the financial objectives outlined in the PFM Act, 2012 and the 2023 CFSP. This is followed by Section III that provides highlights of the macro-economic developments and outlook. The proposed Resource Allocation Framework is provided in Section IV while conclusion and next steps is in Section V.

## II. REVIEW OF FISCAL PERFORMANCE FOR THE FY 2022/23

### A. FY 2022/23 Fiscal Performance

#### Revenue Performance

5. Total revenue including external grants was Kshs. 13.67 billion against a revised target of Kshs. 14.82 billion recording a shortfall of Kshs. 1.15 billion (Table 1). Revenue performance, including Appropriation in Aid (A-i-A), was Kshs. 1.15 billion in FY 2022/23 from Kshs. 0.98 billion in FY 2021/22, a growth of 17 percent. The growth in revenue collection was recorded in all the broad tax categories. However, the performance fell short of the target largely attributed to the uncertain operating environment related to the general elections and the negative impact of the geo-politics that led to global economic slowdown and supply chain disruptions. Local revenue collection was Kshs. 379.71 million against a target of Kshs. 500 million.
6. Collections from the broad tax categories were below their respective targets in the period under review. Land rates recorded the highest shortfall of Kshs.s. 25.06, followed by hospital AIA Kshs.s. 21.37, single Business permits Kshs.s. 19.49 market fees Kshs.s. 14.89 and plan approval Kshs.s. 13.59.
7. The performance of ministerial A-i-A was Kshs. 797.60 million against a target of Kshs. 847.38 million. The shortfall of Kshs. 49.78 million was on account of shortfalls recorded from departments of Roads and Public Works, Education, Lands Urban and physical planning, Housing and Sanitation and Public administration which was not received at all. The Department of Health and Sanitation alone recorded an unfavourable variance of Kshs.21.37million. However, AIA in departments recorded a growth of 26 percent in FY 2022/23.

#### Own Source Revenue Collection Strategies for FY 2023/24

- a) Staff training
- b) Daily reporting through the system app on WhatsApp platform by ward Revenue officers
- c) Enhancing voluntary compliance strategy i.e., rate payer's payment plan
- d) Tax payer education strategy through stakeholders' meetings, fliers, billboards Local station conversations
- e) Approval levels in the system for any sensitive operation.
- f) Auto- invoicing and auto- receipting of all the modules i.e. any payment should be defined in the system.
- g) Integration with other systems e.g., Banks, NTSA, business registrar, IPPD.
- h) Inter departmental linkage
- i) Complete Cashless payment option.
- j) Partner with trade and industrialization department so that client statement is a requirement for a loan approval on trade loans

- k) Strengthen enforcement directorate by building county courts to get a structured way of enforcement revenue.
- l) Partner with Mpesa dealers on licences so that no shop is allowed to operate an MPESA without the county license.

#### **FY 2023/2024 PLANS**

- a) To structure all the unstructured revenues e.g., Agricultural produce, advertisement and signage, plan approvals, etc.
- b) Devolve revenue services to the ward level.
- c) Purchase of the remaining 200 Android phones for collectors' supervisors and ward revenue officers, 50 MPOS to all the auction rings for the purpose of printing the receipts and 70 tablets for the licensing.
- d) The county (Lands department) should procure a (GIS) Geographical information system for effective and maximum Revenue collection by mapping revenue sources.
- e) Integration with NTSA.
- f) Integration with the business registrar of companies
- g) Integrate the payment points of the three main facilities i.e., Bungoma referral hospital, Webuye Hospital and Kimilili Hospital.

Source: County Treasury

8. Grants received amounted to Kshs. 707.06 million against a revised target of Kshs. 1.65 billion, translating to a shortfall of Kshs. 950.13 million. Out of these, those from development partners amounted to Kshs. 593.83 million against a target of Kshs. 1.543 billion while grants from the National Government were received in full amounting to Kshs. 113.2 million.

### Expenditure Performance

9. In the FY 2022/23, total expenditure amounted to Kshs. 12.75 billion against a target of Kshs. 14.82 billion, representing an under spending of Kshs. 2.07 billion (14% deviation from the revised budget). The under spending was as a result of delayed disbursement of equitable share from the National Government, low ordinary revenue collection and low absorption of development projects funded by grants from development partners due to late disbursement of the funds to the County by the donors.
10. The recurrent expenditure was Kshs.s. 9.93 billion (Including Kshs.s. 1.176 billion spending by County Assembly) against a target of Kshs.s. 10.37 billion, representing an under-spending of Kshs.o.44 billion. The recurrent spending was below target mainly due poor collection of own source revenue and late disbursement of equitable share by the National Government and programmes funded by grants from both the development partners.
11. Development expenditure on the other hand amounted to Kshs.s. 2.82 billion against a revised target of Kshs.s. 4.44 billion, being an under expenditure of Kshs.s. 1.62 billion. This was on account of low absorption for projects financed by grants from the development partners which fell short of the revised target by 979.5 million and which are mostly disbursed to the county after closure of the Financial Year.

### Departmental Expenditure

12. The total cumulative departmental expenditure including A-i-A was Kshs. 12.75 billion (86 percent absorption) against a target of Kshs. 14.82 billion. Recurrent expenditure was Kshs. 9.27 billion (89 percent absorption) against a target of Kshs. 10.37 billion, while development expenditure was Kshs. 2.73 billion (62 percent absorption) against a target of Kshs. 4.44 billion. The low absorption of expenditures was partly due to the delayed Exchequer releases, grants from both development partners and National Government and expenditures related to own source revenues. The 62% development absorption in FY 2022/23 was an increase compared to 47.1% FY 2021/22, 48.8% in FY 2020/21 and 56.4% in FY 2019/20.

**Figure 1: Development absorption trend**

13. As at the end of FY 2022/23, recurrent expenditures by the department of Health and Sanitation accounted for 28% of total recurrent expenditure. Department of Education Science & ICT 17%, Finance and Economic Planning 15% and the County Assembly accounted for 13% of recurrent expenditure.
14. Analysis of development outlay indicates that the department of Roads and Public works accounted for 31% of total development expenditure. Other notable development expenditure include: Agriculture, Livestock, Fisheries, Irrigation and Cooperative Development (28%), Water and Natural Resources (8%), Education (7%), Health & Sanitation (5%), Youth and Sports (5%) and Trade Energy and Industrialization (3%).

**Kimilili market**

**Milk processing plant in Webuye**

**Subsidized farm input**

**Misikhu Brigadier Road**

## Overall Balance and Financing

15. In line with the performance in expenditure and revenues, the fiscal deficit (including grants) amounted to Kshs. 1.15 billion representing 7.76% percent shortfall against a target of Kshs. 14.82 billion.

**Table 4: Performance in Expenditure and Revenues**

Source: County Treasury

16. The total disbursements to the county in FY 2022/23 was Kshs.s.13.66 including A-I-A against a target of Kshs.s. 14.82 billion. This included equitable balance brought forward of 867.2 million, equitable share for FY 2022/23 amounting to Kshs.s. 10.65 billion, County own generated revenue (including A-i-A) Kshs.s. 1.15 billion, proceeds from domestic and foreign grants Kshs.s. 707.06 million, and CRF returns Kshs.s. 284.6 million.

## **B. Fiscal Performance for the FY 2022/23 in Relation to Financial Objectives**

17. The fiscal performance in the FY 2022/23 affected the financial objectives set out in the CFSP 2023 and the Budget for FY 2023/24 as follows;
- i. The base for local revenue projections is higher than the actual outcome by Kshs.120.8 million. This will cause a downward base adjustment for FY 2023/24 in own source revenues and the medium term. This will lead to a mix of downward adjustments in expenditure projections and upward adjustment in financing for the FY 2023/24. Additionally, fiscal aggregates will be adjusted to reflect revisions in the macroeconomic projections as well as revenue performance for the first quarter of FY 2023/24.
  - ii. The budget ceilings for departments/agencies will also be adjusted in line with the revised resource envelope under the current budget framework in the CFSP 2023. Furthermore, the revisions will consider the performance in project execution in the FY 2023/24 budget by CDAs and any identified one-off expenditures. For proper financing of the project components, the budget ceilings for CDAs implementing flagship projects will be reviewed since the development budget for the FY 2022/23 has implications on the base used to project expenditures in the FY 2023/24 and the medium term. Appropriate revisions have been undertaken in the context of this CBROP considering the budget outturn for the FY 2022/23.
  - iii. The under-spending in recurrent and development budget for the FY 2022/23 can partly be explained by below the target disbursements for externally funded projects and low revenue collection. The Government will put in place appropriate measures to increase revenue collection, improve absorption of resources from development partners and explore alternative financing strategies early in the financial year to ensure the budget is fully funded.
18. The causes of deviations from the financial objectives therefore, include: failure by donors/ National Government to release development grants in time, lower than projected revenue collection; under-spending in both recurrent and development; under-reporting on A-in-A expenditures by CDAs; and slow uptake of external resources in the FY 2022/23.
19. To remedy these deviations, the fiscal outlook will going forward focus on perfecting the tax and revenue administration reforms contained in the 2023 Finance Bill. Additionally, the County Treasury has issued guidelines on the planning, appraisal and evaluation of capital projects prior to committing funds in the budget. Resources will be allocated to the capital projects which will have been fully appraised and reviewed to avoid delay in implementation. Moreover, ongoing projects will be prioritized with new projects being evaluated in the context of their furtherance of county objective plan, importance in line with the

medium and long-term development agenda; their impact on poverty reduction; promotion of growth and job creation; and the viability and sustainability of the project.

### **C. Fiscal Responsibility Principles**

20. In line with the Kenya Constitution 2010, the PFM Act, 2012, the PFM regulations 2015, the Government will ensure adherence to the fiscal responsibility principles as set out in the statute as follows:
- i. The allocation to development expenditures over the medium term has been above 30 percent of the total County Departmental expenditures. In the FY 2022/23, the allocation to development in the revised budget estimates was 30 percent of the total expenditures while actual expenditures were 22.1 percent. This performance was below the set threshold on account of below target disbursements from both the national government and development partners for the Grants funded projects. In FY 2023/24, the allocation for development expenditure is 34 percent of total expenditure and is projected to remain above the 30 percent threshold over the medium term.
  - ii. Employee compensation (including benefits and allowances) in the FY 2022/23 surpassed the statutory threshold of 35.0 percent recording a 47.40 percent of the equitable share from National Government, grants from both National Government and Development partners and own source revenues generated. This was mainly attributed to the recruitment of additional staff, promotion of some of the existing ones and payment of pension pending bills (table 5).

**Table 5: Fiscal Performance in relation to Fiscal Objectives**

- iii. The fiscal responsibility principle spelled out in Section 107(2)(d) of the PFM Act, 2012 requires that over the medium term, the county government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure, provided that the National Treasury guarantees the borrowings. The county Government of Bungoma has been participating in shadow credit rating done by CRA in collaboration with the World Bank Group in preparation for borrowing to finance the budget deficit in development expenditures.
- iv. The PFM Act, 2012 requires that public debt and obligations remain at sustainable levels and the County Government is committed to adhering to this at all times. As at 30th June 2023, the County Government reported pending bills of Kshs.1.95 billion which comprised Kshs.814.2 million for recurrent expenditure and Kshs.1.14 billion for development expenditure. At the beginning of FY 2021/22, the County prepared a payment plan to settle the eligible pending bills in the financial year. During the period under review, pending bills amounting to Kshs.345.8 million were paid, consisting of Kshs.97.31 million for recurrent expenditure and Kshs.248.5 million for development programmes. The County Government has put in place measures to address optimization of own source revenue collection; adherence to fiscal responsibility principles; and clearance of pending bills and follow due procurement processes to ensure issues on ineligible pending bills do not arise.

**Table 6: Pending bills as at 30th June, 2023**

- v. On the principle of Maintaining a reasonable degree of predictability with respect to the level of tax rates and tax bases, the county government is stabilizing its prediction. The BARMS (Bungoma Automated Revenue Management system) for the County Government of Bungoma has sustained robust revenue growth over the past two government regimes due to the fact that the entire Finance department utilizes technology through proper system administration of services. Since the launch of BARMS in 2016 there has been a progressive increase in Revenue collection apart from the electioneering years where the County experienced slight revenue drop. The system has shown outstanding results all through. The County Government continues to carry out modernization and simplifications of tax administrative laws in order to maintain the principle of reasonable degree of predictability with respect to the level of tax rates and tax bases. In an effort to lock in predictability and further improve compliance with tax system, the government through the Finance Act, 2017, introduced stickers for Public Service Vehicles amid other changes to simplify tax administration and management.
21. The County fiscal projections provide comparisons between the updated projections in the CBROP 2023 and the CFSP 2023 for the financial year 2024/25 and in the medium term. The deviations, in the revision of revenues and expenditures are due to the base effect on revenue forecast and macroeconomic assumptions contained in this CBROP, which will be firmed up in the context of the CFSP 2024. The County Government will not deviate from the fiscal responsibility principles but will make appropriate modifications to the financial objectives contained in the latest CFSP to reflect the changed circumstances. (Table

## D. Fiscal Performance

22. Article 202 (1) of the Constitution provides for the equitable sharing of revenue raised nationally among the National and County Governments. In addition, Article 202 (2) provides for additional allocations to the County Governments from the National Government's share of revenue either conditionally or unconditionally. Article 209 (3) and (4) of the Constitution gives the County Government the power to raise its own source revenue from property rates and entertainment taxes, as well as impose charges for services they provide. County Governments may also borrow in line with Article 212 (a) of the Constitution with guarantee from the National Government. However, since the advent of devolution, no County Government has leveraged on this window to borrow. Section 138 and 139 of the PFM, Act 2012 allows County Governments to also receive grants from development partners to finance development of projects or delivery of services. Table 8 summarizes total budgeted revenue from the various sources for the County Government for the FY 2022/23.

**Table 8: Sources of County Government Revenue**

Revenue Source	Budgeted County Government Revenue	Actual Disbursements	Budgeted % of total Revenue
Equitable Share	11,820,149,620	11,811,380,170	80%
Additional Allocations of which:	1,657,206,137	707,066,342	11%
GoK	113,228,200	113,228,200	1%
Donor Funded	1,543,977,937	593,838,142	10%
OSR	1,347,382,860	1,155,598,482	9%
<b>Total</b>	<b>14,824,738,617</b>	<b>13,674,044,994</b>	<b>100%</b>

23. In the FY 2022/23, Equitable Share was the main source of revenue for the County Government representing (80 percent) of the total revenues. The budgeted additional allocations to the County Government from the National Government's share of revenue as well as from proceeds of loans and grants accounted for (12percent) of the total County revenue. Budgeted own source revenue also recorded 9 percent of the total County Government revenue. Borrowing was not reported as a source of County Government revenue in FY 2022/23.

### Total Transfers to County

24. In accordance with the County Allocation of Revenue Act (CARA), 2022 and the County Governments Additional Allocations Act, 2023, the allocation for the County Government amounted to Kshs.s. 14.82 billion for the FY 2022/23. Out of which, a total of Kshs.s. 13.67 billion was disbursed to the County Government as

of 30th June 2023, comprising of Equitable Share Kshs.s. 11.5 billion and additional allocation of Kshs.s. 707.06 million as grants from both the national Government and development partners and Kshs.1.15 million own source revenue.

### Equitable Share

25. During the FY 2022/23, a total of Kshs. 10.65 billion was allocated to the County Government as equitable share as reflected in the County Allocation of Revenue Act (CARA), 2022, Kshs.1.16 million as balance brought forward from FY

2021/22. During the FY 2022/23, 100 percent of the equitable share was disbursed to the County Government as of 29th August 2023.

## **Additional Allocations**

26. In addition to the equitable share, the County Government was allocated Kshs. 1.65 billion as additional allocations as provided for under the County Governments Additional Allocations Act, 2022 and balance brought forward from FY 2021/22. As at 30th June, 2023, a total of Kshs. 707.06 million had been transferred to the County Government as additional allocations from proceeds of loans and grants from development partners and the National Government.

## Performance of Own Source Revenue

27. During the reporting period, County Government generated a total of Kshs.s.1.15 billion from local generated revenue, which was 85.8 per cent of the annual target of Kshs.s. 1.34 billion. The County Government collected Kshs.s. 775.88 million of Appropriation in Aid (AiA) against a target of Kshs.s. 847.38 million. This represented 92 per cent. The revenue in the year 2022/23 had an overall negative variance of Kshs.192,280,870 on own source revenue, a negative variance of Kshs.120,780,134 on local Revenue and a negative variance of Kshs.71,500,736 on AIA. Analysis of twelve months own source revenue collection for July to June 2023 is shown in Table 13.

**Table 13: Own Source Revenue Collection for the FY 2022/23**

### Legal framework on Expenditure

29. PFMA, 2012 Section 130 (1) (b) (v) requires the County Executive Committee Member for Finance to submit to the County Assembly budget estimates that include all expenditure by vote and by program clearly identifying both recurrent and development expenditure. Further, the PFMA provides for fiscal rules which are provided as fiscal responsibility principles to be observed by County Governments in management of public finances. Specifically, PFMA 2012 and the PFM (County Government) Regulations, 2015 require county governments to enforce the following principles:

- i. The County Governments' recurrent expenditure shall not exceed the County Government total revenue.
- ii. In the Medium Term, a minimum of 30 percent of the County Governments' budget shall be allocated to the development expenditure.
- iii. The County Governments' expenditure on wages shall not exceed 35 percent of County Governments total revenue as prescribed by the County Executive Committee for Finance

### Overall Performance of Expenditures

30. The total budget for the FY 2022/23 was Kshs.14.82 billion comprising of Kshs.s. 4.44 billion Development (30%) and Kshs.10.37 billion recurrent (70%) expenditure. The total actual expenditure in the FY 2022/23 was Kshs.s.12.72

billion of which actual expenditure on development was Kshs.s. 2.82 billion while on recurrent was Kshs.9.93 billion representing 21% and 73% of total actual revenues of Kshs.13.67 billion on development and recurrent programmes respectively.

**Table 14: Overall Performance of Expenditures**

Item	Amount	Percentage of Total Revenue
<b>Total Actual Revenue</b>		<b>100%</b>
	13,674,044,994	
<b>Total Actual Expenditure</b>		<b>93%</b>
	12,752,901,294	
<b>Recurrent Expenditure</b>	9,932,380,751	73%
<b>Wages</b>	5,520,728,525	40%
<b>Operations and Maintenance</b>	4,411,652,225	32%
<b>Development Expenditure</b>	2,820,520,543	21%

### Absorption Rates of the recurrent Expenditure

31. Absorption measures performance of the actual expenditure against the approved budget estimates. In FY 2022/23 the total recurrent expenditure was Kshs. 9.93 billion, while the total revenue for the same period was Kshs. 10.37 billion representing 96 percent of the total recurrent budget estimates.

**Table 15: Actual Recurrent Expenditure as a percentage of the Total Revenue for FY 2022/23**

Department	Recurrent Budget Allocation	Recurrent Actual Expenditure	Percentage
Agriculture, Livestock, Fisheries and Cooperative Development	452,353,687	432,462,788	96

**Figure 3: Actual Recurrent Expenditure as a percentage of the Total Revenue for FY 2022/23**

### Absorption Rates of the Development Expenditure

32. The total actual development expenditure In the FY 2022/23 amounted to Kshs. 2.82 billion against a budget of Kshs. 4.44 billion representing an absorption of 63.5 percent of the total development budget as shown in Table 16 and figure 4 below.

**Table 16: Absorption Rate of the development expenditure of FY 2022/23**

Department	Dev. Budget Allocation	Dev. Actual expenditure	Percentage (%)
	Dev	Dev	Rec
Agriculture, Livestock, Fisheries and Cooperative Development	779,785,147	770,036,212	99
Tourism, Forestry, Environment, Water and Natural Resources	373,341,094	245,356,448	66

<b>TOTAL</b>	<b>4,445,883,438</b>	<b>2,820,520,543</b>	<b>63</b>

**Figure 4: Absorption Rate of the development expenditure of FY 2022/23**

## **E. Compliance with Fiscal responsibility Principles**

### **Recurrent Expenditure as a percentage of total Revenue**

33. The PFMA 2012 Section 107(2a) provides that the County treasury shall ensure that the County government expenditure shall not exceed the County government total revenue. In the FY 2022/23 the total recurrent expenditure was Kshs. 9.92 billion, while the total revenue for the same period was Kshs. 14.82 representing 66.9 percent of the total revenue available to the county. In this regard the total recurrent expenditure was within the PFMA threshold as at the end FY 2022/23.

**Table 17: Actual Recurrent Expenditure as a percentage of the Total Revenue for FY 2022/23**

Department	Total Budget Allocation	Actual Recurrent Expenditure	Percentage
Agriculture, Livestock, Fisheries and Cooperative Development	1,232,138,834	432,462,788	35.099

<b>TOTAL</b>	<b>14,824,738,618</b>	<b>9,932,380,751</b>	<b>66.999</b>

**Figure 5: Actual Recurrent Expenditure as a percentage of the Total Revenue for FY 2022/23**

### Development Expenditure as a percentage of total Revenue

34. The total budget approved by the County Assembly In the FY 2022/23 amounted to 14.82 billion that comprised of Kshs. 4.44 billion (30 percent)

allocated to development expenditure and Kshs. 10.37 billion (70 percent) for recurrent expenditure. The aggregate development expenditure allocation conforms to section 107(2(b)) of the PFMA 2012, which requires that at least 30 percent of the budget be allocated for development programmes as shown in figure 6.

**Table 18: Actual Development as percentage of actual total Expenditure for FY 2022/23**

Department	Total Budget Allocation	Total development allocation	Actual Development Expenditure	Allocation as % of total budget	Exp as a % of total budget
Agriculture, Livestock, Fisheries and Cooperative Development	1,232,138,834	779,785,147	770,036,212	5.26	5.19
Tourism, Forestry, Environment, Water and Natural Resources	751,691,308	373,341,094	245,356,448	2.52	1.66
Roads and Public Works	1,137,358,855	966,656,933	869,160,607	6.52	5.86
Education and VTC	1,840,259,915	233,631,139	188,299,642	1.58	1.27
Health and Sanitation	3,626,881,406	191,976,917	172,496,546	1.29	1.16
Trade, Energy and Industrialization	288,873,857	224,111,671	75,469,481	1.51	0.51
Lands, Urban and Physical Planning	1,290,969,372	1,115,800,763	57,534,962	7.53	0.39
Gender, Culture, Youth and Sports	342,351,161	200,208,504	144,558,160	1.35	0.98
County Assembly	1,294,353,579	106,793,185	68,711,338	0.72	0.46
Finance and Planning	1,642,584,330	155,867,884	153,131,111	1.05	1.03
County Public Service Board	64,046,205	10,000,000	3,346,658	0.07	0.02
Governor/ D. Governor	554,310,467	0	0	0.00	0.00
Public Administration	758,919,329	87,710,201	72,419,378	0.59	0.49
<b>TOTAL</b>	<b>14,824,738,618</b>	<b>4,445,883,438</b>	<b>2,820,520,543</b>	<b>30.0</b>	<b>19.03</b>

**Figure 6: Budgeted Development as percentage of the total budget for FY 2022/23**

35. The total development Expenditure in FY 2022/23 amounted to Kshs.2.82 billion against a budget of 14.82 billion representing 19.03 percent of the total budget. The Public Finance Management Act, 2012 Section 107(b) requires that over the medium term, a minimum of 30 percent of each County Government’s budget shall be allocated to development expenditure. Even though the County Government met this requirement as far as the approved budget is concerned, in terms of actual expenditure, the expenditure was below target.

**Expenditure on Wage bill**

36. The total expenditure on wage bill reported by the County government amounted to Kshs. 5.52 billion in the FY 2022/23. During the same period the total revenue available to the County government was Kshs.13.67 billion. The Public Finance Management (County Governments) Regulations, 2015, requires that expenditure on wages and benefits for public officers shall not exceed 35 percent of the total revenue. The county government spent 40.4 per cent of the total revenue and 43.2 percent of total expenditure on wages which is slightly higher than the threshold of 35 per cent provided by PFMA 2012.

**Table 19: Expenditure by Economic Classification**

MINISTRY/DEPARTMENT	PERSONNEL	OPERATIONS AND MAINTENANCE	TOTAL RECURRENT	DEVELOPMENT	TOTAL EXPENDITURE
Agriculture, livestock, fisheries and co-op development	326,285,414	106,177,374	432,462,788	770,036,212	1,202,499,000

**Figure 7: Actual Expenditure on Wages and Salaries as percentage of Total expenditure for the FY 2022/23**

### County Public Finance Management Challenges

37. There are some notable challenges in the management of county public finances that have persisted. First is irregular public procurement, such as, lack of proper documentation of the contracts awarded; variation of materials used in construction; engagement of service providers without proper contracts, un-procedural procurement of goods and services; awarding of contracts without performance bonds as required by the procurement law and awarding of same works to more than one contractor among others.

38. Second is the weak management of assets and liabilities characterized by incomplete fixed assets register leading to under estimation of the assets held by the County Government. This has been made worse by the delay in the completion of the formal transfer of assets and liabilities.

39. Third is the escalation of pending bills which is attributed to non-payment of contractors and suppliers of goods and services. In some instances, the county has failed to remit statutory deductions (including employee pension contributions and loan

deductions) to respective institutions.

40. Forth, the establishment and management of Public Funds without the requisite legal and administrative frameworks which affects the administration, accounting and reporting of these Funds.

41. Fifth, there are misalignment between financial reports prepared by the County Government and the financial records as captured in the Government's Integrated Financial Management Information System (IFMIS).

### **Measures to address some of the challenges faced by County Government**

42. To address the above challenges, the County Treasury has been undertaking extensive capacity building initiatives targeting county staff. In addition, the National Treasury has been supportive in developing the capacity of county staff on various aspects of public finance management and will continue in order to ensure compliance with the legal requirements as contained in the PFM Act and Regulations.

43. In addition, through the National Government and in partnership with the World Bank, the County will continue implementing the Kenya Devolution Support Program (KDSP) which seeks to incentivize better PFM performance by providing additional resources for capacity development that achieve pre-agreed results in core PFM key result areas.

### III. MACROECONOMIC DEVELOPMENTS AND OUTLOOK

#### A. World Economic Outlook

44. World economic growth slowed to 3.5 percent in 2022 from a growth of 6.3 percent in 2021 as high global inflation, energy and value chain disruptions, and impact of monetary policy tightening in most world economies weighed on economic activity (Table 20). The growth is projected to slow down further to 3.0 percent in 2023 and 2024 due to the impact of ongoing monetary policy tightening to address inflationary pressures. Global inflationary pressures have responded to policy tightening, but inflation exceeds central bank targets in most countries. Recent actions by authorities to contain banking sector challenges in the United States and Swiss Banking have reduced the immediate risk of financial sector instability. However, intensification of the conflict in Ukraine, volatility in the global oil prices and extreme weather-related shocks could weigh on the global economic outlook.

**Table 20: Global Economic Performance**

Economy	Growth (%)			
	Actual		Projected	
	2021	2022	2023	2024
World	6.3	3.5	3.0	3.0
Advanced Economies	5.4	2.7	1.5	1.4
<i>Of which: USA</i>	5.9	2.1	1.8	1.0
<i>Euro Area</i>	5.3	3.5	0.9	1.5
Emerging and Developing Economies	6.8	4.0	4.0	4.1
<i>Of which: China</i>	8.4	3.0	5.2	4.5
<i>India</i>	9.1	7.2	6.1	6.3
Sub-Saharan Africa	4.7	3.9	3.5	4.1
<i>Of which: South Africa</i>	4.7	1.9	0.3	1.7
Nigeria	3.6	3.3	3.2	3.0
Kenya*	7.6	4.8	5.5	5.6

Source: IMF World Economic Outlook, July 2023. \*National Treasury Projection

45. Advanced economies are projected to record a slower growth of 1.5 percent in 2023 and 1.4 percent in 2024 from 2.7 percent in 2022. About 93 percent of the countries in the advanced economies are projected to have a lower growth in 2023 and 2024. This slowdown is largely driven by aggressive monetary policy tightening in advanced economies that have increased concerns about escalating financial markets uncertainty, particularly persistent high interest rates and vulnerability of the banking sector.

46. Growth in the emerging market and developing economies, is projected to be broadly stable at 4.0 percent in 2023 and 4.1 percent in 2024, although with notable shifts across regions. The sluggish global growth, high inflation rates and the challenging global and domestic financial conditions continue to weigh on the growth for sub-

Saharan Africa region. The region economic growth is projected to slow down to 3.5 percent in 2023 from 3.9 percent in 2022, before picking up to 4.1 percent in 2024.

## **B. Kenya's Economic Performance and Outlook**

47. The Kenyan economy in 2022 demonstrated resilience in the face of severe multiple shocks that included the adverse impact of climate change, lingering effects of COVID-19, global supply chain disruption and the impact of Russia-Ukraine conflict. As such, the economic growth slowed down to 4.8 percent in 2022 from 7.6 percent in 2021.

48. The County's contribution to the country's Gross Value Added in 2022 was 2.1% up from 2.0% in 2021. The Gross County Product (GCP) growth rate was 3.7 % while the GCP per capita in 2022 was 145,439 up from 130,006 in 2021.

49. Agriculture's contribution to the country's GDP was 21% in 2022 which was a significant influence on the overall economic performance. However, there was a contraction in the agriculture sector of 0.4 percent 2021 and 1.6 percent in 2022. This was occasioned by the severe drought experienced in 2020. The drought not only aggravated the inflationary pressures but also subjected millions of people to severe food insecurity, loss of lives, livelihoods and led to loss of livestock. The County contributed significantly to the agricultural Gross Value Added at 3.7%.

50. The performance of the industry sector slowed down to 3.5 percent in 2022 compared to a growth of 6.8 percent in 2021 on account of a slowdown in activities in the manufacturing, electricity and water supply and construction sub-sectors. The county contributed 0.9% to the manufacturing sector over the period 2018-2022 . to other industry activities excluding manufacturing, the county contributed 0.8%.

51. In the year, services sector remained strong growing at 6.7 percent, with improved performance in information and communication, financial and insurance and professional, administrative and support services sub-sectors. There were also substantial growths in accommodation and food services, and transport and storage sub-sectors. The county's contribution to the services sector was 1.7%.

52. In the first and second quarter of 2023, real GDP growth was at 5.3 and 5.4 percent respectively mainly due to a 5.8 percent recovery in the agricultural activities that reflected improved rainfall conditions and the impact of fertilizer and seed subsidies provided to the farmers by the Government (Table 21). The recovery in agriculture was reflected in enhanced production, especially of food crops that led to significant increase in export of vegetables and fruits.

**Table 21: Sectoral GDP Performance**

<b>Sectors</b>	<b>2021</b>	<b>2022</b>	<b>2023 Q1</b>
<b>1. Primary Industry</b>	<b>0.5</b>	<b>(1.0)</b>	<b>5.6</b>

Taxes less subsidies	11.9	7.0	4.4
<b>Real GDP</b>	<b>7.6</b>	<b>4.8</b>	<b>5.3</b>

*Source of Data: Kenya National Bureau of Statistics*

53. Manufacturing sub-sector expanded by 2.0 percent in the first quarter of 2023 mainly supported by the manufacture of food products that included bakery products and processing and preservation of fish. In the non-food manufacturing the growth performance was supported by substantial growth in the manufacture of basic metals and fabricated metal products. Electricity and Water Supply sub-sector expanded by 2.3 percent supported by increased generation of electricity from renewable sources such as geothermal and wind that more than offset the decline in generation from hydroelectric sources. However, construction activities slowed down due to the decline in the volume of cement consumption and imports of various construction materials such as bitumen and iron and steel.

54. The activities in the services sector remained strong in the first quarter of 2023 growing by 6.0 percent largely characterized by significant growths in accommodation and food Service; information and communication technology; transportation and storage; financial and insurance; and wholesale and retail trade sub-sectors.

55. Economic growth is projected at 5.5 percent in 2023 and 5.7 percent in 2024 supported by broad-based private sector growth and sustained government investment in the nine priority value chains (Leather, Cotton, Dairy, Edible Oils, Tea, Rice, Blue economy, Natural Resources (including Minerals and Forestry), and Building Materials). Additionally, public sector investments in infrastructure and implementation of prudent fiscal and monetary policies will continue to support economic activity (Figure 8).

### ***Inflation Developments***

56. Inflation remained above the Government target range of  $5\pm 2.5$  percent from June 2022 to June 2023. However, it declined significantly to 6.7 percent in August 2023, from a peak of 9.6 percent in October 2022. The decline largely reflects the easing of food prices and impact of monetary policy tightening (Figure 9).

57. Food inflation remained the dominant driver of overall inflation in August 2023. However, it declined to 7.5 percent in August 2023 from a peak of 15.0 percent in August 2022 reflecting easing of food prices arising from increased supply due to ongoing harvests, seasonally factors, international developments and Government measures on zero rated imports. Nonetheless, sugar prices remained elevated driven by domestic and global factors.

58. Fuel inflation remained elevated driven by high energy prices. It increased to 14.2 percent in August 2023 from 8.6 percent in August 2022. The increase reflects gradual withdraw of the fuel subsidize from September 2022 and the upward adjustment of electricity tariff from April 2023. In addition, the upward adjustment of VAT on petroleum product in July 2023 from 8.0 percent to 16.0 percent exacted upward pressures on prices. However, prices of cooking gas continued to decline and moderated inflation reflecting the impact of the zero-rating of VAT on liquefied petroleum gas (LPG).

59. Core (non-food non-fuel) inflation increased from 3.2 percent in August 2022, to a peak of 4.4 percent in March 2023, and has declined to 3.7 percent in August 2023. The

decline is attributed to the contractionary monetary policy aimed at taming the spillover effects of high energy prices.

**Figure 9: Inflation Rate, Percent**

### Interest Rates Developments

60. The interbank rate increased to 12.5 percent in August 2023 compared to 5.4 percent in August 2022 while the 91-day Treasury Bills rate increased to 13.4 percent compared to 8.6 percent over the same period (Figure 10). The 182-day Treasury Bills rate increased to 13.4 percent in August 2023 from 9.5 percent in August 2022 while the 364-day also increased to 13.6 percent from 9.9 percent over the same period. The introduction of the interest rate corridor, in August 2023, is expected to align the interbank rate to the Central Bank Rate and thereby improve the transmission of the monetary policy.

**Figure 10: Short Term Interest Rates, Percent**

Source of Data: Central Bank of Kenya

61. Commercial banks average lending and deposit rates increased to 13.3 percent in June 2023 from 12.3 percent in June 2022 while the average deposit rate increased to 7.8 percent from 6.6 percent over the same period. Consequently, the average interest rate spread declined to 5.5 percent in June 2023 from 5.7 percent in June 2022

**Figure 11: Commercial Bank Rates, Percent**

Source of Data: Central Bank of Kenya

### **Exchange Rate Developments**

62. The exchange rate to the Kenya shilling weakened at a rate of 20.5 percent in the 12 months to August 2023 compared to 9.3 percent in the 12 months to August 2022. The Kenya shilling exchanged at Kshs. 143.9 in August 2023 compared to Kshs. 119.5 in August 2022. Against the Euro, the Kenya shilling weakened to exchange at Kshs. 157.1 in August 2023 compared to Kshs. 121.0 in August 2022 while against the Sterling Pound the Kenyan shilling weakened to exchange at Kshs. 182.9 compared to Kshs. 143.5, over the same period (Figure 12).

63. The Kenyan shilling was supported by increased remittances, adequate foreign exchange reserves and improved exports receipts.

### C. Kenya’s Macroeconomic Outlook

64. Kenya’s economic performance is projected to remain strong and resilient over the medium term (Table 22 in calendar years). The economy recorded a strong growth of 5.3 percent in the first quarter reflecting a strong recovery in agriculture sector and services sector including financial and insurance, information and communication, wholesale and retail trade and transport and storage. The economy is expected to remain strong and expand by 5.5 percent in 2023 (5.6 percent in FY 2023/24) and 5.7 percent in 2024 (5.9 percent in FY 2024/25).

65. This growth will be supported by the strong recovery in agriculture and resilient services sector that both drive the industrial sector. The adequate rainfall during the long rain season in most parts of the country and the anticipated short rains later in 2023 will continue to support activities in the agriculture, electricity, and water supply sectors. The improved availability of raw materials following the recovery in agriculture and a decline in global commodity prices will support food processing in the manufacturing sector. Additionally, activities in the construction sector will be boosted by the affordable housing programme. Services sector will be supported by resilient activities in the financial and insurance, information and communication, wholesale and retail trade and transport and storage, among others. The easing of global commodity prices and supply chain constraints coupled with robust private sector investment are expected to support domestic demand.

66. On the demand side, private consumption is expected to remain on a robust growth path in the near term. The easing of inflationary pressures will result in strong household disposable income, which in turn will support household consumption. The interventions by the Government through the financial inclusion initiative popularly

known as the Hustlers Fund will strengthen MSMEs thereby correcting market failures for the vast majority of Kenya's at the bottom of the pyramid. This will strengthen the private sector led growth opportunities.

67. The development spending in the budget will be retained at an average of 5.6 percent of GDP so as not to impact on growth momentum. This will enhance Government investment in the nine priority value chains (Leather, Cotton, Dairy, Edible Oils, Tea, Rice, Blue economy, Natural Resources (including Minerals and Forestry), and Building Materials). Additionally, it will support investments in key projects under the Bottom-Up Economic Transformation Agenda (BETA) including construction of dams, improvement of road networks and ports and laying of additional National Fiber Optic network.

68. Kenya's exports of goods and services is expected to continue strengthening supported by receipts from tourism and implementation of crops and livestock value chains, specifically, exports of tea, coffee, vegetables and fresh horticultural produce, among others. The expected recovery of Kenya's trading partners and the implementation of Africa Continental Free Trade Area (AfCFTA) will enhance demand for exports of Kenyan manufactured products. Current account deficit will average 5.4 percent of GDP between 2023 and 2027. Improvement in the current account, boosted by robust export earnings and strong remittance inflows will continue to support stability in the foreign exchange market.

### ***Monetary Policy Management***

69. The monetary policy is aimed at achieving price stability and providing adequate credit to support economic activity. Consequently, overall inflation is expected to remain within the Government target range of  $5 \pm 2.5$  percent in the medium term. This will be supported by muted demand pressures and easing domestic and global food prices.

70. The Central Bank of Kenya (CBK) has implemented an interest rate corridor to facilitate alignment of the short term rates with the Central Bank Rate (CBR), reduce volatility in the interbank rate and improve monetary policy transmission. The interest rate corridor is set at  $\pm 250$  basis points around the CBR. In addition, the CBK has reduced the applicable interest rate to the Discount Window from 600 basis points to 400 basis points above CBR to improve access to the Window.

71. The Central Bank has introduced DhowCSD, an upgraded Central Securities Depository infrastructure that offers a simple, efficient, and secure portal by the Central Bank of Kenya (CBK) to enable the public to invest in Government of Kenya securities. The DhowCSD will transform Kenya's financial markets through enhanced operational efficiency and expansion of digital access, market deepening for broader financial inclusion, and improved monetary policy operations. Additionally, the DhowCSD will

improve the functioning of the interbank market by facilitating collateralized lending amongst commercial banks and further reduce segmentation in the interbank market.

### **Risks to the economic outlook**

72. There are downside risks to this macroeconomic outlook emanating from domestic as well as external sources. On the domestic front, risks relate to unpredictable weather conditions due to the impact of climate change which could adversely affect agricultural production and result to domestic inflationary pressures and food insecurity.

73. On the external front, uncertainties in the global economic outlook stemming from the current geopolitical tension could result in higher commodity prices and slowdown the global economic recovery which could impact on the domestic economy. Weaker global demand could adversely affect the Kenya's exports, foreign direct investments and remittances. Additionally, high international commodity prices pose a risk to global and domestic inflation outcomes which could lead to further tightening of financial conditions. Continued strengthening of US dollar against other global currencies arising from aggressive monetary policy tightening present significant risks to financial flows and puts pressures on the exchange rate with implication to growth and inflation.

74. Upside risks are mostly linked to early easing of global financing conditions and lower international fuel and food prices, which would strengthen Kenya's external balances. Optimal coordination between monetary and fiscal policies are expected to result to a stable macroeconomic condition which is a necessary condition for investment and savings thereby promoting economic growth.

## **IV. RESOURCE ALLOCATION FRAMEWORK**

### **A. Implementation of the FY 2023/24 Budget**

75. Budget implementation during the first two months of the FY 2023/24 has progressed well. Total revenues amounted to Kshs. 1.11 billion (7.9 percent of total budget) in August 2023 against a target of Kshs. 1.16 billion implying a performance rate of 95 percent. Total expenditure for August 2023 was Kshs. 0.66 billion and was below target of Kshs. 1.16 billion by Kshs. 0.50 billion. There are expenditure pressures arising from FY 2022/23 carryovers amounting to Kshs. 1.15 billion which may necessitate revision of the budget to cater for emerging expenditure pressures. The County Government has however affirmed its strong commitment to contain expenditures and revenue recovery measures put in place. Fiscal deficit inclusive of grants is projected to decline and this will reduce the pending bills in the CDAs.

76. Total revenues for the FY 2023/24 are projected at Kshs. 14.03 billion with local revenues projected at Kshs. 2.04 billion (14 percent of the total revenue). Total expenditures are projected at Kshs. 14.03 billion with recurrent expenditures projected at Kshs. 9.27 billion (66 percent of total county budget), development expenditures are projected at Kshs. 4.75 billion (34 percent of total county budget) and an allocation of Kshs. 0.1 billion (0.7 percent of the total budget) to Contingency Fund. Transfer to other Government agencies (County assembly) is projected at Kshs. 1.15 billion (8 percent of total county budget).

### **B. Fiscal Policy for FY 2024/25 and Medium-Term Budget**

77. The fiscal policy stance in the FY 2024/25 and over the medium term aims at supporting the priority programmes of the County Government under the CIDP III (2023-2027) and the Bottom - Up Economic Transformation Agenda (BETA) of MTP IV (2023-2027) through a growth friendly fiscal plan designed to safeguarding livelihoods, creating jobs, reviving businesses, and economic recovery reduce poverty levels. Towards this end, emphasis will be placed on aggressive revenue mobilization through specific measures that have been proposed by the county treasury to enhance revenue generation and collection. These include;

- ✓ The Department of Finance and Economic planning shall, in collaboration with the County Assembly, fast track on the completion of relevant pieces of legislation to inform administration of various fees and charges.
- ✓ The Directorate of Revenue shall closely monitor payments from other Government bodies and agencies to ensure that due taxes, rates, and fees are paid.
- ✓ Collaboration between County Departments and Agencies (CDAs), National Government, private sector, civil society, and the general public for enhancement of the local revenue.

- ✓ Continuous performance appraisal for revenue collectors to monitor variations between collections and targets, this will bolster revenue from market fees and related streams;
- ✓ Proper and prompt accounting and reporting by receivers of revenue as per Section 157 (2) of PFMA, 2012.
- ✓ Utilization of services of the Office of county attorney to assist in revenue enforcement through legal processes.
- ✓ Collaboration with the Law courts administration in setting up an express special court on County Revenue matters.
- ✓ Enhancing the BARMS system modules to 100% cashless payments on all revenue streams to avert challenges associated with cash handling.

78. On the other hand, the County Government will sustain efforts to improve efficiency in public spending and ensure value for money by: eliminating non priority expenditures; rationalizing tax expenditures; scaling up the use of Public Private Partnerships financing for commercially viable projects; and rolling out an end-to-end e-procurement system. In order to ease the burden of pension payments, County Government will enhance budgetary allocation to cater for arrears and deficits to ensure compliance with the PFMA 2012.

79. Given the commitment to contain expenditures and revenue recovery measures put in place, fiscal deficit inclusive of grants is projected to decline and this will reduce the pending bills in the CDAs.

### **FY 2024/25 Fiscal Projections**

80. In the FY 2024/25 total revenue including Appropriation-in-Aid (A-i-A) is projected at Kshs. 15.26 billion. Of this, own source revenue is projected at Kshs. 2.08 billion (13.7 percent of the total budget). This revenue performance will be underpinned by the on-going reforms in policy and revenue administration. The overall expenditure and net lending is projected at Kshs. 15.26 billion comprising: recurrent expenditure of Kshs. 9.79 billion (64 percent of total budget); development expenditure of Kshs. 5.46 billion (36 percent of total budget); transfer to other entities (County Assembly) of Kshs. 1.12 billion and Contingency Fund of Kshs. 0.11 billion, respectively.

### **Medium Term Fiscal Projections**

81. Over the medium term, the County Government total revenue including A-i-A is projected to increase from the projected Kshs. 2.04 billion in the FY 2023/24 to Kshs. 2.08 billion in the FY 2024/25. The revenues in FY 2024/25 comprise of local revenues of Kshs. 905.9 million and Ministerial A-i-A of Kshs. 1.18 billion.

82. In line with the fiscal consolidation plan, The County Government will continue with its revenue mobilization and expenditure prioritization policy geared towards

economic recovery. This will support sustained, rapid and inclusive economic growth, safeguard livelihoods and continue the fiscal consolidation programme, thus creating a fiscal space for the implementation of the priority programmes in the medium term. This will curtail growth in expenditures to ensure it attains its fiscal consolidation path over the medium term and strengthen management of public debt to minimize cost and risks of the portfolio. SWGs shall prepare Medium-Term Budgets that are consistent with the Medium-Term Fiscal Framework provided in the CBROP 2023.

### **C. FY 2024/25 and Medium-Term Budget Framework**

83. The FY 2024/25 and the Medium-Term Budget will focus on the implementation of the policies, programmes initiatives in the CIDP III and promote investment initiatives in the five core thematic areas that are expected to have the highest impacts on the economy as well as household welfare. These include; Agricultural Transformation, Micro, Small and Medium Enterprise (MSME), Housing and Settlement, Health Care, Digital Superhighway and Creative Industry. In the Medium-Term Budget, MDAs will prioritize allocations towards the achievement of the BETA priorities.

84. The FY 2024/25 and the Medium-Term Budget will be based on MTP IV and will build on the progress made in the previous financial years. The County Government will continue to address the policy, legal, regulatory, and governance issues as a matter of priority to ensure optimal use of resources. To create fiscal space and guarantee appropriate phasing out of expenditure programmes, SWGs will undertake a thorough review of proposed MDAs Budgets for the FY2024/25 and the Medium Term and ensure that Budgets are directed towards improving productivity and achievement of MTP IV objectives.

### **Criteria for Resource Allocation**

85. The County Government will continue to pursue priorities which are aimed at safeguarding livelihoods, creating jobs, reviving businesses and economic recovery. In addition, provision of core services, ensuring equity and minimizing costs through the elimination of duplication and inefficiencies will be prioritized. Realization of these objectives will have implications in the budget ceilings to be provided in the CBROP 2023. The following will serve as the criteria to guide prioritization and final allocation of resources:

- ✓ The programme performance review findings for the ongoing programmes
- ✓ Linkage of the programme with the objectives of the CIDP 2023 - 2027 and MTP IV.
- ✓ Degree to which a programme addresses poverty and job creation interventions;

- ✓ Degree to which the programme addresses the core mandate of the MDAs;
- ✓ The extent to which programmes are addressing all-inclusive growth and development based on sustainability, resiliency, green growth and empowerment.
- ✓ Expected outputs and outcomes from a programme;
- ✓ Backward and forward linkage of a programme with other Programmes;
- ✓ Extent to which the programme addresses Sustainable Development Goals
- ✓ Cost effectiveness and sustainability of the programme;
- ✓ Immediate response to the requirements of the implementation of the County functions and The Constitution;
- ✓ Ongoing activities of the strategic interventions initiated in previous Financial Years
- ✓ Linkage of the programme with the priorities of Medium-Term Plan IV of the Vision 2030;
- ✓ Degree to which a programme addresses job creation and poverty reduction;
- ✓ Degree to which a programme addresses the core mandate of the MDAs,
- ✓ Expected outputs and outcomes from a programme;
- ✓ Cost effectiveness and sustainability of the programme;
- ✓ Extent to which the Programme seeks to address the viable stalled projects and verified pending bills; and
- ✓ Requirements for furtherance and implementation of the Constitution.

86. Based on these broad guidelines, each sector is expected to develop and document the criteria for resource allocation within the sector. Further, SWGs shall undertake a reprioritization exercise to take into account the following:

- i) Removal of the one-off expenditure for the baseline;
- ii) Identify the programmes/projects that are of low priority and come up with savings which should be directed to high priority programmes;
- iii) Introduce a mechanism of efficiency savings to ensure that funds are directed to service delivery, rather than non-essential spending;
- iv) Detailed explanation for rescheduling of projects where it has been done. MDAs should also indicate the savings and financial implications of rescheduling projects and activities; and
- v) The county CDAs whose proposed expenditure and investment programmes are to be financed from the budget of the National Government parent ministry or development partners; and
- vi) Proposals are accommodated within the respective Sector ceilings.

87. Reflecting on the above, the Medium-Term Expenditure Framework provided in Table 23 and Annex 1 will guide resource allocation into the medium term.

88. To facilitate the finalization and approval of the 2023 CBROP and other policy documents within the stipulated timelines, CDAs are required to strictly undertake the activities outlined in the Budget Calendar within the set timeframes. The Budget Calendar provided in Annex 2 outlines the timeframes for delivery of policy documents, reports and relevant Bills.

#### **D. Public Participation and Involvement of Stakeholders**

89. As required by the Public Finance Management (PFM) Act, 2012 this County Budget Review and Outlook Paper has been shared with various stakeholders and the public for comments before its finalization. Specifically, the document has been reviewed and finalized having involved various stakeholders including County Budget and Economic Forum (CBEF), Civil Society Organizations (CSOs), Community Based Organizations (CBOs), local community leaders, development partners and the private sector among others. Annex 4 Provides a list of officers from the Sector Working groups who participated.

## V. CONCLUSION AND NEXT STEPS

90. The preparation of the FY 2024/25 and the medium-term budget is being done against a background of projected global and domestic economic recovery. Global economic outlook has become more uncertain reflecting the impact of the geopolitical tensions particularly the Russia-Ukraine conflict, elevated inflationary pressures, volatile financial markets and persistent supply chain disruptions.

91. The economy recorded a strong growth of 5.3 in the first quarter reflecting a strong recovery in agricultural and buoyant services sector. The economy is expected to remain strong and expand 5.5 percent in 2023 (5.6 in FY 2023/24) and 5.7 percent in 2024 (5.9 percent in FY 2024/25). The growth outlook will be supported by broad-based private sector growth, resilient services sector and the rebound in agriculture. This will also be reinforced by implementation of policies and reforms under the priority sectors of the Bottom-Up Economic Transformation Agenda geared towards economic recovery and inclusive growth.

92. To strengthen the economic recovery, the county budget for FY 2023/24 and the medium term will focus on resource mobilization and reduction on non-core expenditures. The Government will continue implementation of the County Economic Recovery Strategy through the CIDP III and BETA Agenda as prioritized in the fourth Medium Term Plan (MTP IV) of the Vision 2030 to build resilient and sustainable economic recovery and inclusive growth.

93. Due to limited resources at the County level, all Sector Working Groups are required to scrutinize all proposed County Departments and Agencies (CDAs) budgets for FY 2024/25 and the medium term to ensure that they strictly adhere to the proposed sector ceilings and the strict deadlines provided in this document to facilitate the finalization and appropriation of the FY 2024/25 and the medium-term budget. The resource envelope and ceilings for each Sector provided in this Budget Review and Outlook Paper will form inputs into the 2024 County Fiscal Strategy Paper.

## ANNEXES

## Annex 2: Budget Calendar for the FY 2024/25 and the Medium-Term Budget

ACTIVITY	RESPONSIBILITY	DEADLINE
1.Develop and issue MTEF guidelines	County Treasury	30-Aug-23
2. Launch of Sector Working Groups/ County Sector Working Group	County Treasury	30-Aug-23
3.Programme performance and strategic reviews		
Review and update of Strategic Plans	County Treasury	1-July-23
Review of programmes, outputs, and outcomes	“	
Review of Expenditure	“	15-July-23
Review and approval of projects for FY 2024/25 and medium term		28-Aug-23
Progress report on CIDP implementation	“	10-July-23
Preparation of Annual plans	Sector working groups	10-July-23
4.Annual Development plan	<b>Macro Working Group</b>	
Convene sector working groups	County Treasury	10-July-23
Submission of draft ADP document	SWGs	10-Aug-23
Compilation/ consolidation of the sector documents	County Treasury	15-Aug-23
Draft Annual development plan report	County Treasury	18-Aug-23
Consultative meeting on draft ADP Report	County Sector Working Group	21-Aug-23
Submission of draft annual development plan to cabinet	County Treasury	28-Aug-23
Submission of annual development plan to the county assembly	County Treasury	1-Sept-23
5.Finance Bill	<b>Macro Working Group</b>	
Convene sector working groups	County Treasury	8 -sep-23
Draft Finance Bill report	County Treasury	21-sep-23
Consultative meeting on draft Finance Bill Report	County Sector Working Group	22-sep-23
Submission of draft finance bill to cabinet	County Treasury	23-Sep-23
Convene public participation	County Treasury	23-sep-23
Approval of finance bill by county assembly	County Assembly	30- Sep-23
6.County Budget Review and Outlook Paper (CBROP)	<b>CDAs</b>	
Estimation of resource envelope	County Treasury	24-Aug-23
Determination of policy priorities	County Treasury	24-Aug-23
Preliminary resource allocation to sectors	County Treasury	24-Aug-23
Convene sector working groups	County Treasury	25-Aug-23
Submission of draft Budget Review and Outlook Paper (BROP) document	Budget office	31-Aug-23
Compilation/ consolidation of the sector documents	Budget office	1-Sep-23

ACTIVITY	RESPONSIBILITY	DEADLINE
Budget technical team review of the draft CBROP report	Budget office	7-Sep-23
Consultative meeting on draft CBROP Report	County Sector Working Group	20-Sep-23
Submission of BROP to cabinet/CEC	County Treasury	11-Oct-23
Submit CBROP to County Assembly for Approval	“	21-Oct-23
7.Preparation of MTEF budget proposals	<b>CDAs</b>	
Draft Sector documents	Sector Working Group	7-Nov-23
Submission of Reports to Treasury	Sector Working Group	17-Nov-23
Compilation/ consolidation of the sector documents	Budget office	27-Nov-23
Budget technical team review of the draft MTEF report	County Treasury	15-Dec-23
Convene Public Participation	“	26-Jan-24
Review and incorporation of Stakeholder inputs in the sector budget proposals and report writing	“	8-Feb-24
Submission of Reports to Treasury	Sector Working Group Chair	15-Feb-24
Consultative meeting with CECMs/COs on sector Budget Proposals	County Treasury	17-Feb-24
9.Draft Fiscal strategy paper	<b>CDAs</b>	
Draft CFSP	County Treasury	22-Dec-23
Technical review and finalization of the CFSP	County Treasury	19 Jan- 24
Convene Public Participation	“	26-Jan-24
Submission of CFSP to cabinet for approval	County Treasury	17-Feb-24
Submission of CFSP to County Assembly for approval	County Treasury	23-Feb-24
Approval of CFSP	County Assembly	8- Mar-24
Submission of the Debt management strategy paper	County Treasury	23-Feb-24
10.Preparation and Approval of Final CDAs Programme Budgets		
Develop and issue final guidelines on preparation of 2023/24	County Treasury	5- March-24
Submission of Budget Proposals to Treasury	CDAs	16- March-24
Review of Draft Budget Proposals	County Treasury	19-March-24
Consolidation of the Draft Budget Estimates	County Treasury	25-April-24
Consultative meeting on draft Budget Estimates Report	County Sector Working Group	5-April-24
Submission of draft budget estimates to the cabinet	County Budget Office	10- April-24
Submission of Draft Budget Estimates to County Assembly	County Budget Office	30-April-24
Review of Draft Budget Estimates with the County Assembly	Budget team/ committee	15-May-24
Report on Draft Budget Estimates from County Assembly	Budget team/ committee	30-May-24

ACTIVITY	RESPONSIBILITY	DEADLINE
Consolidation of the Final Budget Estimates and report writing with the County Assembly	Budget team/ committee	15-Jun-24
Submission of Appropriation Bill to County Assembly	County Budget Office	“
Budget Statement Approval	<b>County Assembly</b>	<b>15-Jun-24</b>
Consideration and Passage of Appropriation Bill	<b>County Assembly</b>	<b>29-Jun-24</b>
Gazettement and publishing of the approved budget	County Treasury	4-Jul-24
Posting and uploading of the approved budget into the IFMIS -plan to budget module	County Treasury	10-Jul-24
